

**Remarks**

1. Claims:

In response to the Office Action mailed on November 09, 2004, please amend the Claims 1, 3 and 4 as indicated herein.

More specifically, Claims 1 and 3-6 were rejected under 35 U.S.C. 112, first paragraph for reciting subject matter not described in the Specification.

In response, Claim 1 is further amended to overcome this rejection. More specifically, Claim 1 has been amended to include all of the limitation originally recited in Claim 2. Claims 1, 3-6 are now in condition for allowance.

2. Drawings:

The replacement sheets filed on October 18, 2004 have been rejected because the lines, numbers and letters were considered not uniformly thick and well defined. Also, broken circle lines around reference numbers 39 and 46 in Fig. 3 and strike through lines in reference numbers 86, 86 in Fig. 6 were considered to be improper. The Examiner acknowledges that the changes made in the replacement sheets filed October 18, 2004 are acceptable and approved..

In response to the drawing objection, new replacement drawing sheets are enclosed that include the proposed drawing corrections. The broken circle lines and strike through lines have been deleted. No new matter is being submitted. New formal drawings will be submitted after Notice of Allowance.

Respectively submitted
